ROTC
The College trains people for the U.S. Air Force. Is it the job of a college to provide military training or to support the Vietnam war by encouraging students to become soldiers?

RECRUITING FOR MILITARY SERVICES AND WAR INDUSTRIES
Should the College provide facilities for recruiting of personnel whose jobs are directly related to the prosecution of the war in Vietnam?

FREE SPEECH AND THE RIGHT OF ADVOCACY ON CAMPUS
Everyone favors free speech and the right of advocacy, but should there be limits? The Alameda County Board of Supervisors got an injunction to try to stop Berkeley students from organizing off-campus draft protests on the campus. Was this an infringement of academic freedom and constitutional guarantees of free speech? Should San Francisco State College declare a policy on this issue?
